# Organic K-Bio Green

Organic K-Bio Green is an organic food that is specially selected from 58 unique types of ingredients such as: Beans, grains, vegetables, seaweed, pineapple, dates, apricot, nuts and seeds, Chlorella, spirulina, alfalfa, apple, rice and bifido bacteria and food enzyme..

All the ingredients play important roles in the human body to cleanse and detoxify, to rejuvenate, to restore the healthy functions of the vital organs, - and to build immunity.

**K-BioGreen** is a "well-balanced" nutritious food source with no additives and non genetically modified ingredients for those who want to give their body a healthy diet and keep a slim figure.

**K-BioGreen** does not contain any artificial flavours, colouring, antibiotic residues, growth promoters and preservatives. The product is certified by OCIA (Organic Crop Improvement Association) in USA. Every ingredient is grown by certified organic farmers that is inspected to ensure the requirements and restrictions are met.

Combined with the right diet you will achieve good health, balanced body weight, vitality and a fresh mind!

*He/She can give you more complementary information about use and effects of this product.*

## How use K-BioGreen:

1 attached spoon is mixed in water. Can be taken 1-3 times a day, comparing to your needs.

You can mix the powder with fruit juice for better taste. The product contains a lot of soluble plant fibres.

Adults: 1 Measure spoon (10g) in 2,5-3dl luke warm water. (one big glass)

Children: ½ measure spoon ( 5g) in 2,5-3dl luke warm water (one big glass).

Drink it immediately after mixing. The easiest way is to mix it in a closed bottle. Shake well!
